	The convention calls for frequency lists to show four digits after the decimal place, followed by either an "N" or a "W", depending on whether the frequency is										
		narrow or wide band. Mode refers to either "A" or "D" indicating analog or digital (e.g. Project 25) or "M" indicating mixed mode. All channels are shown									
20	as if pro	ogrammed in a cor	ntrol station, mobile	or portable radi	o. Repeater and	base stati	ons must be prog	rammed with	the Rx a	nd Tx reversed.
